Dear friend's Good morning from our home. We thank you and appreciate your love and prayers for us during this pandemic. Without your faithful supports and generous hearts, we could not able to do all "Loving your neighbor "in these tough times.

Helping families with Groceries of a Month supply.

During this Corona pandemic, many believers from remote villages and pastors were suffering without food and groceries. We helped them with a month supply of groceries and Rice to 42 families during April and May 2020. Ministry has been survival and rescuing the household of faith during tough times.

We helped village believers by our bible school students. They were daily wages but they were jobless for 3 months.

We are so thankful for your participation and your sacrificial support during these pandemic times towards these needy and poor believers. Totally we are able to help 40 families in and around the Madurai and village pastors' families.

Prayers and Worship and Deliverance continually for 80 days.

During this time of pandemic time we can gather 3 families every Wednesdays and Sundays 2 hours crying out to the LORD and seeking his face together. We have prayed for every supporter's family.

It was refreshing and we cast down all the sorrows and cares upon the LORD. We felt our comforter the Holy Spirit encouragement every day.

Our family lives were transformed during this our secret closet prayer we met with the LORD. We felt the overwhelming forgiveness and brotherly love for each other.

We were left our home at Madurai and moved to village another district. We have taken bible school for 8 people every day morning and evening.

It was a great time everyday teaching and training the young couple in the village. I am thankful for the fellowship with young couples and edifications.

While we were staying at south, every weekend we traveled to 17 km towards the east a village church and we started to teach another group of believers.

Truly the LORD is faithful to lead us in to two villages sowing the eternal word in to their hearts.

My family life during the Lockdown.

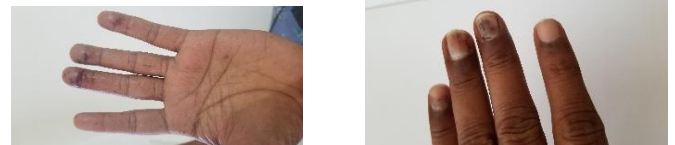

Since the lockdown our family life is getting more and more tougher. My wife is getting small lumps and later it bust open with painful. From the neck to hip she is gets it all around the body. We are getting medical help, but they could not able to diagnosis it exactly.

Every week two lumps bubbles up in and around the breast and she goes through painful situation. Since the corona medical test everywhere, if we go for checkup, they could impose for quarantine for 14 days before they do any treatment.

Greater inner healing and Deliverance for my wife

On the 26th of August we met with one of the pastor who helped us to get rid of all ancient generational curses in our lives. Which was completely grace upon grace in my family from the LORD himself. You can watch on the you tube video.

After gone through few Deliverance with my son still we are having a tough time with him, rebellious and stubborn attitude towards parents. Still we are very fragile relationship with him. He is taking on line classes for 12th grade, it finishes on the March 2021. Constantly we plead before the Lord for his destiny and walk with the Lord.

We choose to stay in faith and serve the LORD,
