

New Covenant Updates – July 2015

Dear Friends and families, greetings from Northern India. Truly the LORD has been so gracious and comforter in the entire situations. We had been come across almost one year in the mission field.

We have shared the love of Jesus to the 3 villages and so much joy and hope among the village kids. We need your prayers for the kids, let his kingdom grow in them.

Every week Tuesday's and Fridays we have bible study at the home cell group meetings at the believer's homes. Every believer is disparate and their hearts were open for the kingdom. Each believer is a first born again person in their home. We need you prayers for these believers growth in the Lord.

Home cell group meetings were able to meet with many new people and we shared the Gospel and We invite the Holy Spirit in their midst, getting them filled with the Spirit leads breaking the yoke.

Every time when they believe in the LORD, they seen miracles in their lives and received deliverance in situation. Still we were patience with them till they completely choose to walk with the LORD.

We were invited at the blind elderly people home run by Christian Charity of Northern India. We spent wonderful time

with them and able participate in their tough lives.

The more we stayed with them, tears started to roll on my eyes, their faith on the LORD has encouraged us very much.

My Family has been changed and more transformed every day. We take shower 4 times a day, in the heat

Still we are learning the language, and people. Still we could not able to follow the Local custom. We have survived in the 43 degree Centigrade in this summer.

We get drinking water once in a week and store them. Water is Life we realize this in the summer.

Please continue to pray for us, to reach more people, and we are spending more time in prayer and intercession every day.

We love you and We thank you so much for standing with us in the Gospel and for his kingdom. ***In the everlasting Love of Christ, SAM APOLLOS and Family.***
