

Updates New Covenant - May 2016

Dear friends in the LORD

We are so blessed in Christ, to be chosen by him and for his marvelous works. Every day by his grace and everyday life is because of his favor.

Utter Pradesh State House Churches

We continue to share the good news to the poor and socially abandon people of northern India. The Lord has confirmed with his word with healing and deliverance in every place we ministered.

So many people are in need of Jesus and they do want us to teach and hear about the word of God. We have ministered two new villages in the month of March.

We are understanding that it is not by might and not by power by his Spirit. So many miracles we have seen every week.

Evening house gatherings we share the gospel to the poor low caste people. Suddenly we can see the power of God at the meeting with healing and deliverance.

During these house gathering we have received so many oppositions from the religious hardliners at the local area. The Lord has liberated few people from evil spirits. It really bothered them so badly. They were blocked by us not minister again. So we are waiting for timing of the LORD. Enemy is angry with us, but heaven rejoices over Gospel.

By the grace of God, 6 people got delivered from evil spirits. So many got healed of sickness and diseases. During this Easter time 12 people accepted the Lord and got baptism. As it was said every knee shall bow and every tongue confess that Jesus Christ is Lord. We truly thank God for his delivering power.

We thank you so much for partnering with us for the kingdom of God. Let his will be done every day.

We thank you for your prayers for this ministry of the LORD. Please keep us in your prayers.

We need to do the continual discipleship teaching at villages and help the believers to abide in his word and in Christ. Please pray for the protection of these believers from the enemy.

NEPAL TRIBAL BIBLE SCHOOL TRAINING

Nepal is the mountain nation struggle to return back after the earthquake stuck last year. So many challenges over the social and normal life in Nepal as a Hindu nation. To raise up indigenous leaders here in every tribal people is the great concern in the kingdom.

I stayed there at Katmandu for 2 weeks at the local training center and shared the new

testament truth to the youths from different tribes. They received the word of God and willing to take the Gospel into their country of Nepal 75 districts.

In the April first week we had a tough time traveling through Dhading, Gorkha and Baarpak for the earth quake affected places together with brother Sangam.

I am able to connected with local home groups here at Nepal, it gives us a better understanding to pray for the ongoing gospel work in the nation.

It is a blessing to connect with local believers and tribal leaders in the body of Christ. Seriously many tribes were not heard the Gospel yet in the remote mountains of Himalaya.

It really breaks my heart how much the local authorities were not able to reach to its own people. And every day they face suffering in order to exist in the top of the mountains.

Summer Bible Training at Tamilnadu state

Whenever we travel south we would teach and train the locals for the ministry. This time we are able to do 2 different places for the new believers.

Our family life.

My daughter and son were growing fast and they were understanding the missionary life as well as with the traveling father.

We as a family moving to another rented house this month, and the Lord has been so good to us.

Presently we are traveling down south as a family visiting our friends and families.

Still a lot of thing to do in lives of Believers in Orissa and Utter Pradesh. We are holding on to the Holy Spirit and in the wisdom of God, to continue this work.

We really need your continual prayers and we need the leading of the Holy Spirit every day of our lives in this land.

We remember you in our prayers and we appreciate your love and partnership in his kingdom. Myself and Susannah were thankful for your help in the LORD to reach out people for the Gospel.

In the Harvest of the LORD,

SAM APOLLOS & SUSANNAH
